

ANKIT TIWARI

Instructional Designer | E-Learning Developer | Project Manager (L&D)

 ankit0071.at@gmail.com |  9679643204 |  Asansol, West Bengal (Open to Relocation / Remote) | [LinkedIn: ankit-tiwari-36a3591b7](#)

PROFESSIONAL SUMMARY

Results-driven Instructional Designer and E-Learning Developer with 6+ years of end-to-end L&D experience across EdTech, K-12, and corporate learning environments. Proven track record of building and managing large SME teams (up to 18), delivering ADDIE-based e-learning programs on Articulate Storyline 360, and driving measurable improvements in learner engagement and content quality. Skilled at translating complex instructional needs into high-impact, multi-modal learning solutions across CBSE, ICSE, IGCSE, and US K-12 curricula.

As a Project Manager for L&D, I have led concurrent content pipelines from scoping to LMS deployment — managing stakeholder expectations, QA frameworks, SOPs, and cross-functional teams across curriculum, design, and production. I bring a rare combination of subject-matter depth, instructional design expertise, and operational project management experience.

KEY ACHIEVEMENTS

- ◆ **Led a team of 18 SMEs** at Infinity Learn, managing parallel content pipelines across US K-12 Math and Science programs — delivering consistently on time with zero major quality escalations.
- ◆ **Reduced production turnaround time significantly** by integrating AI-assisted workflows for content review, script drafting, and standards validation — adopted as a team-wide practice at Harjai Computers.
- ◆ **Built end-to-end QA framework and SOPs** at K12 Techno Services for a 9-member SME team, cutting revision cycles and raising content consistency across all deliverables.
- ◆ **Designed and delivered Articulate Storyline 360-based modules** covering interactive scenarios, branching simulations, and multimedia assessments aligned to both US K-12 and CBSE/ICSE standards.

PROFESSIONAL EXPERIENCE

Freelance Instructional Designer & E-Learning Consultant

Oct 2025 – Present

Self-Employed — Independent Practice (Remote)

- ▶ Designed and developed end-to-end e-learning modules using Articulate Storyline 360 for clients across corporate training and EdTech sectors, covering topics including compliance training, onboarding, and soft skills development.
- ▶ Built interactive courses featuring branching scenarios, drag-and-drop interactions, layered slides, and knowledge checks — published as SCORM 1.2 packages for client LMS platforms.
- ▶ Created detailed production-ready storyboards with slide-by-slide media specifications, narration scripts, and developer notes — enabling seamless handoff to production teams with zero ambiguity.
- ▶ Developed comprehensive instructional design documentation including needs analysis reports, learning objective frameworks aligned to Bloom's Taxonomy, and Kirkpatrick-based evaluation plans for client projects.
- ▶ Consulted with client SMEs to extract subject knowledge, structure content for e-learning delivery, and validate instructional accuracy before final build — managing the full cycle from brief to SCORM-published output.
- ▶ Designed QA checklists and rubric-based review frameworks for freelance projects, ensuring instructional quality, WCAG accessibility compliance, and standards alignment before client submission.
- ▶ Integrated AI-assisted workflows (ChatGPT, Gemini) for first-draft script generation, content structuring, and standards validation — reducing per-module turnaround by approximately 35% without compromising quality.
- ▶ Managed multiple concurrent client projects independently — tracking timelines, incorporating feedback cycles, and delivering all projects within agreed deadlines in a fully remote environment.

Content Head (Academics) — Mathematics

Mar 2025 – Sep 2025

K12 Techno Services Pvt. Ltd., Kolkata

- ▶ Led the academic content strategy and delivery for K-12 Mathematics programs, overseeing end-to-end content development from curriculum mapping and storyboarding through to final quality sign-off.
- ▶ Managed and mentored a team of 9 Subject Matter Experts (SMEs), assigning workstreams, conducting structured content reviews, and ensuring on-time delivery across concurrent projects.
- ▶ Designed and reviewed multi-modal learning content including e-learning modules, video scripts, ILT materials, and job aids — ensuring alignment with defined learning objectives and curriculum standards.

- ▶ Built and implemented content quality rubrics and SOPs for the team, standardising the review process and reducing revision cycles across all deliverables.
- ▶ Tracked project milestones and delivery timelines using structured trackers, proactively flagging risks and coordinating with cross-functional teams to maintain schedules.
- ▶ Applied data-driven insights to continuously improve content effectiveness, learner engagement, and overall program quality.

Instructional Designer – E-Learning & Multimedia

Jun 2024 – Mar 2025

Harjai Computers (Freelancing), Remote

- ▶ Developed interactive e-learning modules in Articulate Storyline 360 featuring branching scenarios, knowledge checks, and gamified assessments aligned to US K-12 curriculum standards.
- ▶ Created detailed production-ready storyboards mapping all media elements — video, animation, graphics, and interactivity — for seamless handoff to production teams.
- ▶ Authored audio scripts and on-screen instructional text for multimedia lesson components, maintaining alignment with learning objectives and accessibility (Section 508) standards.
- ▶ Integrated AI tools into the content review and script drafting pipeline — reducing average turnaround time per module and enabling higher concurrent output without quality loss.
- ▶ Proactively managed revision cycles, timelines, and stakeholder communications across multiple concurrent client projects in a fully remote environment.

Senior Instructional Designer & Project Coordinator

Jul 2022 – May 2024

Infinity Learn Pvt. Ltd., Hyderabad (Remote)

- ▶ Led large-scale instructional design projects for US K-12 Math and Science programs, managing 18 subject matter experts across multiple simultaneous content workstreams.
- ▶ Designed curriculum-aligned storyboards for ELA and Math e-learning modules, defining media requirements (interactive elements, videos, graphics) for production workflow.
- ▶ Served as primary instructional consultant to US-based clients — conducting needs analysis sessions, identifying learning gaps, and recommending evidence-based learning strategies.
- ▶ Validated AI-generated content outputs for instructional accuracy, Bloom's Taxonomy alignment, and US K-12 curriculum compliance before publication.
- ▶ Maintained multi-modal content standards across online, virtual, and ILT delivery formats; delivered regular project status reports to senior stakeholders and offshore clients.

Instructional Designer & Subject Matter Expert

May 2019 – Jun 2022

Vedantu Innovations Pvt. Ltd. (Remote)

- ▶ Designed and developed curriculum-aligned e-learning modules and multimedia lesson content for US K-12, CBSE, and ICSE programs using Articulate Storyline 360 and Adobe tools.
- ▶ Created instructional storyboards, audio scripts, and media plans for interactive modules — covering Mathematics, Science, and ELA across multiple grade levels.
- ▶ Conducted QA reviews for instructional accuracy, grammar, tone, and standards compliance before content went live on the LMS platform.
- ▶ Managed concurrent feedback and revision cycles from internal QA reviewers and external client stakeholders, meeting all deadlines across a high-volume production environment.

Mathematics Faculty (IGCSE Board)

Apr 2018 – Apr 2019

Cambridge School of Excellence, Ahmedabad

- ▶ Delivered Cambridge IGCSE Mathematics for Grades 9–10; designed assessments, analysed student performance data, and adapted instruction based on outcomes.

Mathematics Faculty

Sep 2016 – Mar 2018

SGVP Gurukul, Rajkot

- ▶ Taught senior secondary Mathematics using smart boards and math lab methodology; contributed to school-wide curriculum planning and academic improvement initiatives.

CORE COMPETENCIES

◆ Articulate Storyline 360	◆ ADDIE / SAM Framework	◆ Bloom's Taxonomy
◆ E-Learning Development	◆ Instructional Design	◆ Storyboarding & Scripting
◆ LMS Administration & SCORM	◆ ILT & Blended Learning	◆ Multimedia Content Design

- ◆ Project Management (L&D)
- ◆ QA Frameworks & SOPs
- ◆ US K-12 Curriculum Alignment
- ◆ Adobe InDesign & Captivate
- ◆ Content Localisation
- ◆ SME Management (up to 18)
- ◆ AI-Enabled ID Workflows
- ◆ CBSE / ICSE / IGCSE Standards
- ◆ Learning ROI & Analytics
- ◆ Section 508 / Accessibility
- ◆ Stakeholder Management
- ◆ Needs Analysis & Gap Assessment
- ◆ Kirkpatrick Evaluation Model
- ◆ Cross-functional Team Leadership
- ◆ Agile Project Delivery

EDUCATION

Bachelor of Technology — Electronics & Communication Engineering

Maulana Abul Kalam Azad University of Technology (WBUT), West Bengal | 2014 – 2018

TOOLS & TECHNOLOGY

Articulate Storyline 360 • Adobe Captivate • Adobe InDesign • MS Office 365 • Google Workspace • LMS Platforms (Moodle / Canvas / custom) • SCORM / xAPI • AI Content Tools (ChatGPT, Gemini) • Asana • Trello • Google Sheets (project tracking) • Canva • Zoom / MS Teams
